

Welcome to week 4 and my first full week working with P0/P1. May I first of all say how excited I am to be here and a big thank you to everyone for their warm welcome and their support as I settle in. A big thank you to Andrew as well for holding the fort and giving the children a great start to the term. You may have also noticed a few changes here and there and I will endeavour to send out more information regarding P.E times and Library times shortly. There have also been some changes in the class room and the children have enjoyed using the new writing area and book corner.

This week we have been continuing with our Friends and Family IPC theme with a focus on counting and our relationships with others in our class. We learnt the song and read the book "There were 10 in the bed". We then worked on putting our own bears to bed looking at counting skills and some number recognition for the P1's.

Some of the children even continued to use the classroom and some of the free choice activities to practice their counting.

This week we have also looked at the people in our class. We have looked at different ways we know how to say hello, what is the same and different between people and the way we look. We then made pictures of ourselves and looked at the best things to use.

As always the children also enjoyed time to select their own areas in which to play and learn. This week the construction area has been very popular with lots of building and the role play house has been busy with mums, dads and dogs!
