

Houses and Homes Week 6 News

Nursery and Primary 1

This week we have been learning all about the 3 little pigs. They didn't live in a sty but lived in 3 different types of houses. We made a story S to tell our story and acted it out.

The role play corner became the building site for the 3 Little Pigs. There was lots of story telling going on.

A great opportunity to remember and order events, use story language, share and take turns.

I'll Huff
And
Puff !!

I see a piggy hiding under the bed. I see a piggy hiding next to the chair. I see another piggy on top of the cupboard.

One of this weeks favourite games was Hide and Seek . The 3 little pigs had to hide from the big bad wolf. The wolf then had to find the piggy's and say where he found them before they then ran away. Children came back again and again to play or watch this game. This game helped us to practice our 'Talking Tim skills' as we said where the pigs were hiding.

Where are all those
Piggy's ??

We also got an email from Peter Pig who wanted us to help build a strong brick house for his brothers. We did some research and read an information book about how to build a house. We found out that we needed some concrete or cement to help keep our bricks together. We experimented with some different materials to see if they would stick bricks together.

After our experiments we discussed our ideas with a partner. We then set to work on making our cement using our chosen materials. There was lots of talk and discussion on what to add next and how much? Was it sticky enough? We set up a building site and got building.

Lots of problem
solving and
experimenting!!

Why don't you ask us if our building survived the huff and puff test. Karen pretended to be the big bad wolf and if she couldn't blow it down then we all blew together!!!

We also enjoyed these learning opportunities this week.

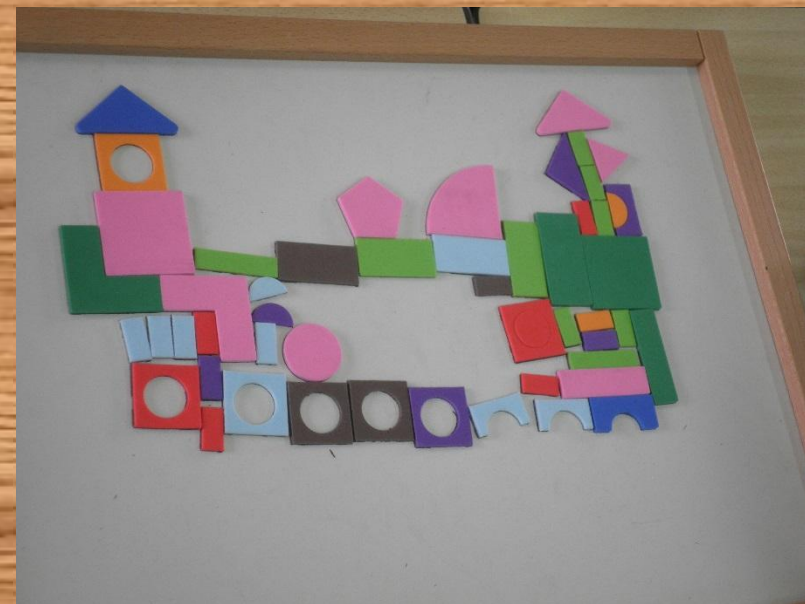

This week there was a painting table- it was very popular!

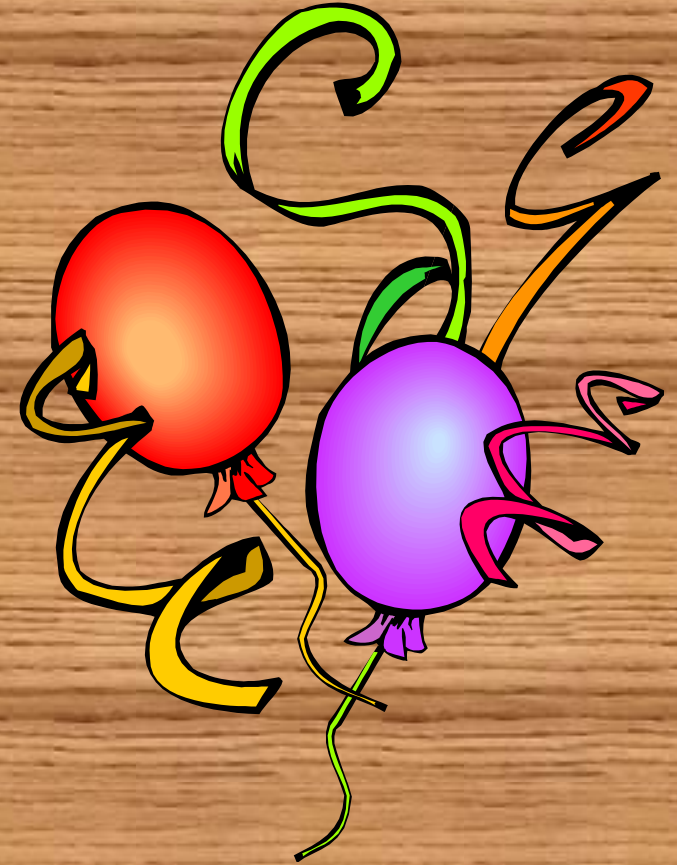

Lots of independent learning-

Some other ways to build a house.
