

Welcome Back
News from Primary 1 and
Nursery

It's good to be back and it seems everyone had a lovely holiday. We practised our talking skills with Talking Tim and shared our news of what we did. We tried to include some information and use words like and or because. Then we drew our news so people could remember what we had done.

We have been enjoying exploring the learning in our classroom and meeting up with our friends.

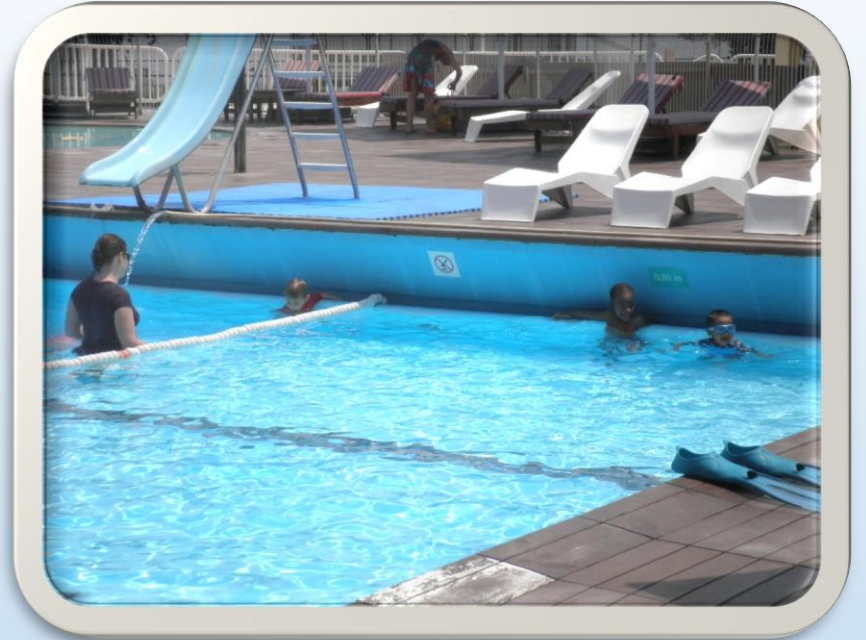

Exploring- Look..new pens and a stapler..what do they do and how do they work?? What can I make?

Communicating-
Look..number 8.....here are 1,2,3,4,5,6,7,8 people. Look..is this six or a nine?

We started our ICT lessons and our swimming lessons again. But the role play was different. It is now a house with a cupboard full of food. There was also a new story table- the Cross Crocodile!

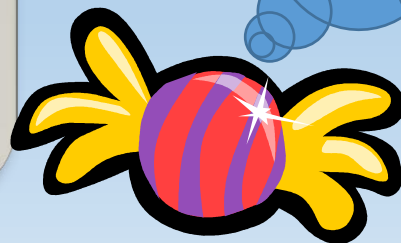

This week we have been talking about more and less, most and least. We looked and counted the sweets and looked at who had more. We looked at the number square to check.

Most!

Least!

Lots of us went to help Karen on the making table. We used the sweet smelling dough to make lots of different sweets. We looked at how many we could make and who had made the most. We counted and practised using the important words like most, least, less, more and the same. We got people to buy our sweets and then worked out how many more we had to make and which jar had the least amount in.
