Week 2

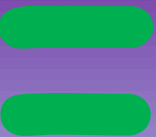

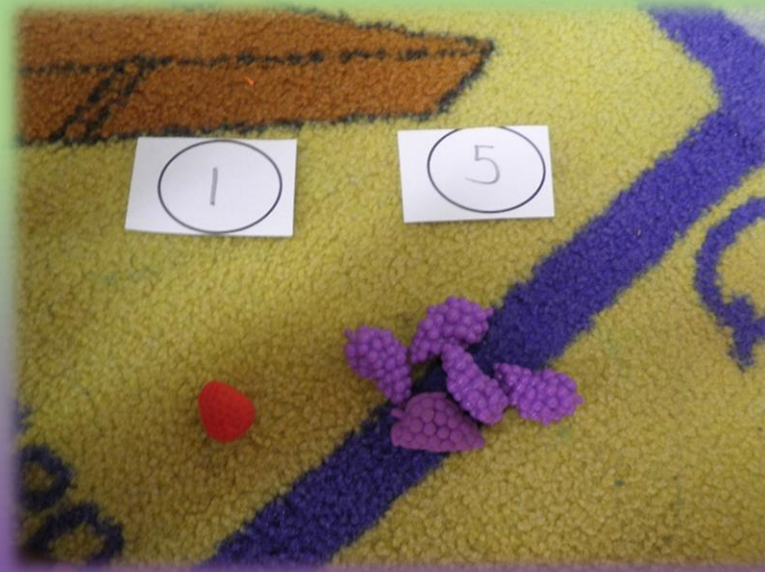

Animals

This week started with us working together to update our role play area. As we are learning about animals we decided a jungle or forest would be a good place to learn about animals. We decided what was needed and what things would look like. We practised our cooperation skills, shared decisions and resources, communicated our ideas and worked together.

We have also been practising our adding skills this week. Number frog was very hungry and he wanted grapes and strawberries. We thought about how much he had eaten if he had 3 grapes and 2 strawberries. We learnt that this is adding it is where you add two groups together.

We learnt the different symbols needed to show adding and then we helped feed number frog and played some adding games to help him across the pond.

We also worked together to add. one person would have a some cubes and so did the other. Then we put them together to make 1 new group. Then we counted to see how many altogether.

This week we have read the story 'We're Going on a Lion Hunt'

We're going on a Lion hunt, we're going to catch
a big one, we're not scared, been there before!

We decided to make our own story-
'We're going on an Elephant hunt'.

Oh no!!!
Long wavy
grass!!!!

Oh no!!
Soft white
sand!!!

Oh no!! A
big bumpy
hole!!

Oh no!! A
spiky sharp
bush!!

“We’re going on an Elephant hunt, We’re going to catch a big one. We’re not scared. We’re big and strong!”

Oh no!!!
Crunchy
munchy
stones !!!!

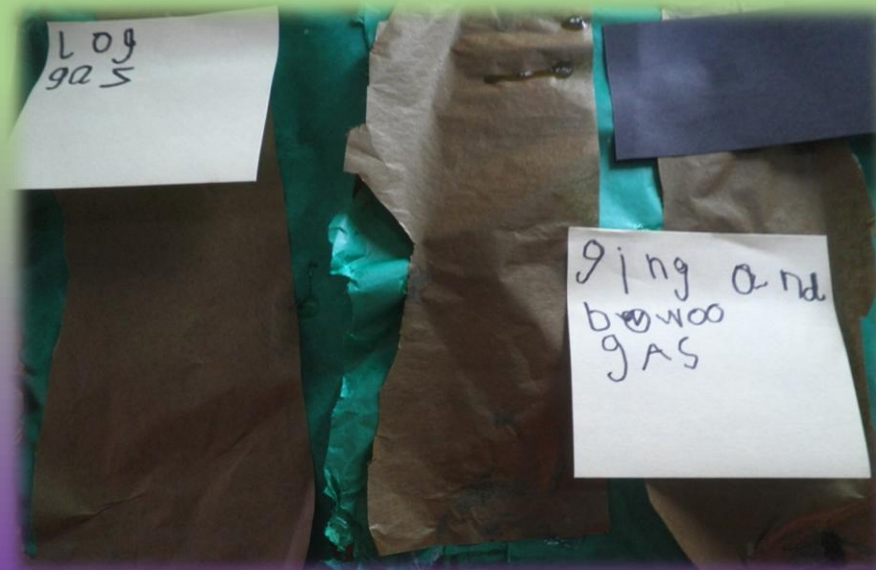

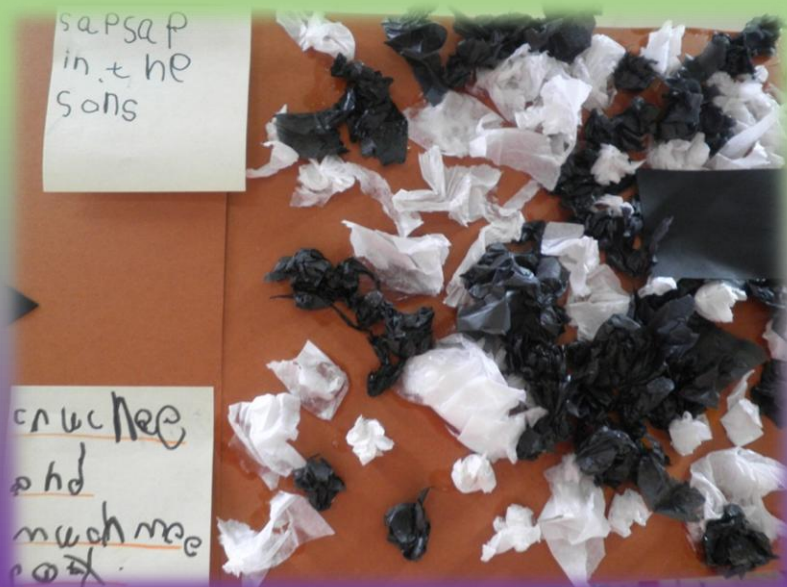

Oh no!!!
Red hot
lava!!!!

We didn't catch an elephant this week, but maybe next week we will !!!

Back in class we retold our adventure and made a story map. We put our great cooperation skills to work and talked about the words that we had thought of and how these words are describing words to say what things are like. We added our describing words to the map. What a lot of good 'Talking Tim' work.

Can you
recognise
the
different
areas
from our
elephant
hunt?

Other things we have been learning this week...
